CHILDREN'S AND TEEN'S FURNITURE
FURNITURE CATALOGUE 2017

Your child's first smile is this magical moment that you will remember for ever. This smile is the beginning of a great challenge, which is your child's proper development. It ensures a lot of satisfaction and joy, but it also requires a lot of concentration and involvement. Our company, by providing high-quality furniture, allows parent to comfortably arrange the child's first world. His/her little planet which is their comfortable, cosy and functional room.

Furniture for children must not only be functional and attractive in terms of its design and, first of all, must guarantee safety. Therefore, in the manufacturing process, we put great emphasis on **high quality of craftsmanship**, the use of **design solutions and materials that are safe for children. As a result, all beds we manufacture have passed the certification process without any problems.** This means that they meet the safety requirements of the European standards PN-EN 716-1:2010 and PN-EN 716-2:2010.

Bellamy furniture was appreciated by the furniture industry, which is confirmed by prestigious awards and distinctions.

Safe materials:

- Construction materials used in the production process, such as MDF, HDF or laminated particle boards, have **safety certificates** and meet **hygiene classes of class E1**.
- Varnishes, which are used in the production process, are safe for children. They have certificates meeting the requirements of the European standard EN 71-3:1994.

Safe solutions:

- Rounded edges
- The use of quiet and safe guides equipped with a closing system.
- Shelves in bookcases are protected against falling
- Very durable bases used in cots
- Verified system for fixing tall wardrobes and bookcases to walls
- A safe system for closing the lids of toy chests
- The use of a third removable bar which allows older children to get out of the cot.

Nomi Collection

The line was inspired by two shapes: circle and triangle, because when we think of the triangle, the most important thing to us all comes to mind - home, a hiding place, safe haven. The circle, on the other hand, is one the very first shapes a little person is able to draw and brings associations of an open window to a new world and a new adventure.
